**Operating notes:**

- Supervision ratio is 1 instructor to 30 participants. There is no requirement for an additional adult.
- Activity leader to be trained to in-house syllabus for the activity. Refresher training as directed by coaching sessions.
- Equipment and materials provided are selected to be appropriate for safe use by children.
- Water-based substances are purchased in preference to solvent-based products.
- Activity area must be suitable for the purpose and size of the group, (chairs, tables, floor surfaces and table surfaces).

**Risk – Benefit Statement:** There is a low risk of allergies to chemicals and products being used, but high levels of creativity and participation, making the risk tolerable.
